

JOB DESCRIPTION

Job Title:	Statistics Adviser – Social (Gender Equality, Disability and Social Inclusion)
Division/Program and Section/Project (if any):	Statistics for Development Division / Statistics Leadership, Governance and Use
Location:	Suva
Reporting to:	Manager Statistics Leadership, Governance and Use
Number of Direct Reports:	0
Purpose of Role:	Shape and lead SDD’s work program to strengthen the production, availability, analysis and use of statistics on gender equality, disability and social inclusion (GEDSI) and related social statistics for Pacific Island countries and territories, including guiding statistical production, and providing statistical technical support and training.
Date:	<i>January 2024</i>

Organisational Context and Organisation Chart

The Statistics for Development Division (SDD) comprises 30 – 45 long term staff within the Pacific Community (SPC). Its objective is for the region to meet the outcome set out in the 2022-2030 Pacific Statistics Strategic Framework:

“Strong Pacific Island statistics systems that meet local and global needs for evidence-based policy, planning and monitoring”

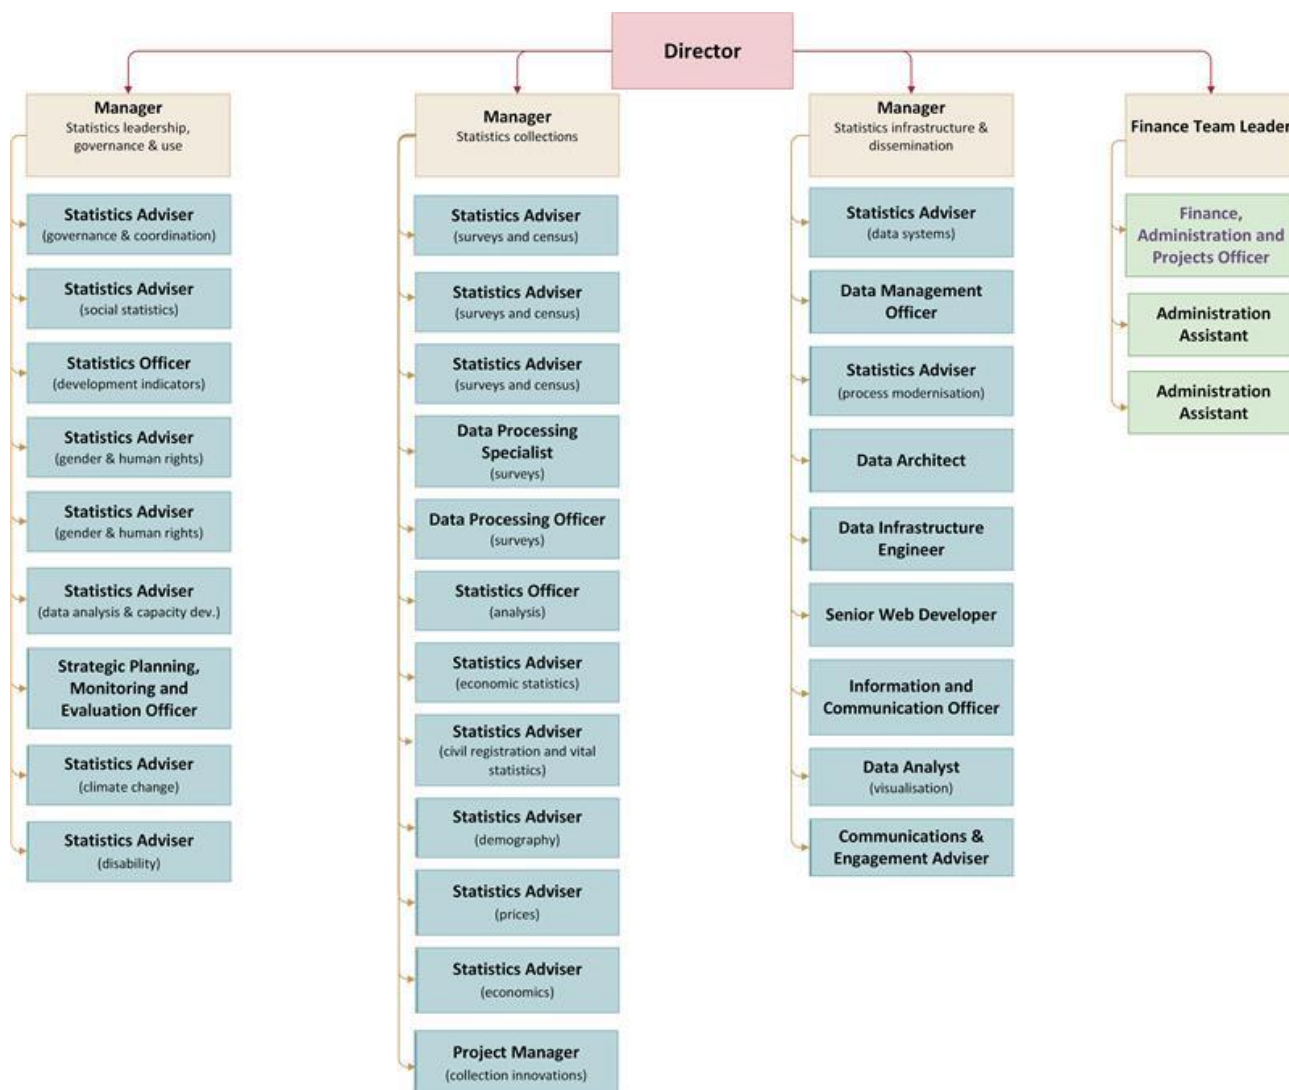

The SDD is organized in three program-delivering teams. These are:

- Statistics leadership, governance, and use
- Statistics collections (including both survey and administrative data)
- Statistics infrastructure and dissemination

Each team is led by a manager accountable for staff and other resources to deliver results against their work program. A fourth, small team is responsible for office management, finances and administrative support. All teams work in close cooperation with each-other. In addition to their work program, managers are held accountable for delivery against “ways of working” objectives, which change from time to time but in late 2023 were:

- Develop a high performing Division that works as a team.
- Mainstream good modern data practice.
- Strengthened engagement and partnerships with donors and stakeholders.
- Make the most of our resources.

Statistics for Development Division organisational chart

Key Result Areas (KRAs):

The performance requirements of the Key Result Areas are broadly described below:

<i>Jobholder is accountable for</i>	<i>Jobholder is successful when</i>
KRA #1 Ways of working (10%)	<ul style="list-style-type: none"> • Demonstrable contribution as an individual and team-member to the organisational or 'ways of working' objectives in the division business plan • This role's support for gender equality, disability and social inclusion (GEDSI) statistics is well coordinated with the rest of the team and division's activities and ways of working as well as with regional frameworks and priorities • Other divisional staff are actively engaged in this role's activities through peer review, shared projects and code, coordinated missions and tasks, and joint authorship
KRA #2 Development and improvement of Pacific gender equality, disability and social inclusion (GEDSI) and related social statistics and indicators (30%).	<ul style="list-style-type: none"> • Well designed and run programs of work are implemented to improve Pacific Gender Statistics and Pacific Disability Statistics through concrete actions in partnership with member countries and development partners • There is close collaboration with other SPC Divisions, including Human Rights and Social Development (HRSD) to ensure GEDSI statistics and data needs are identified and addressed

	<ul style="list-style-type: none"> • Progress in the development of GEDSI statistics and indicators is periodically reviewed and reported across countries • SDD and region are represented professionally in international technical working groups etc. regarding gender, human rights and related social statistics • Regular liaison and technical collaboration are fostered and maintained with key technical partners (including UNW, UNICEF, ABS, ADB, UNESCAP, UN Stats, Stats NZ, PIFS, MSG, SIAP, USP)
<p>KRA #3 Collection, analysis, dissemination and communication of GEDSI and related social statistics and indicators (30%).</p>	<ul style="list-style-type: none"> • Gender, human rights and related social statistics are collected, compiled, analysed and classified in collaboration with member countries using census, survey and administrative data as the primary data sources • Statistics and indicators are produced using appropriate statistical methods with respect to international best practices and standards • Statistics and indicators are compiled into national, sub-regional and regional statistics tables and indicators are regularly updated and disseminated through the Pacific Data Hub in collaboration with other SDD team members • Analytical reports, fact sheets and other knowledge products are developed for the Pacific region and countries using GEDSI statistics and indicators in collaboration with PICTs and other SDD team members • Technical papers and guidance on gender, human rights and related social statistics and indicators in the Pacific are produced
<p>KRA #4 Technical assistance, training and support (30%)</p>	<ul style="list-style-type: none"> • Timely and useful responses are provided to member country and other user requests for assistance with the sourcing and analysis of gender, human rights and related social statistics and indicators • Formal training is provided, including workshops, on-the-job-training and supervising professional attachments in the collection, analysis and reporting of gender, human rights and related social statistics • HRSD is supported in identifying and meeting GEDSI data needs through official statistics and indicators • Support is provided to improve and innovate data collection methodologies in GEDSI and in addressing risks and ethical challenges in sensitive topics, in order to expand the information needed to fill research and data gaps. • Partnership and collaboration is maintained with other agencies involved in monitoring GEDSI issues in the region, including UN Women, HRMI and other related agencies and ministries.

The above performance requirements are provided as a guide only. The precise performance measures for this job will need further discussion between the jobholder and supervisor as part of the performance development process.

Most Challenging Duties Typically Undertaken (Complexity):

- Capacity development, supplementation and substitution, particularly in small island states' statistical agencies with limited capacity in the design and production of data and statistics, data edits, coding and analysis and reporting of gender, human rights and related social statistics and indicators.
- Establish and maintain effective working relationship with staff from other divisions of SPC, regional governments/ministries and other regional and international partner agencies to ensure successful implementation of gender, human rights and related social statistics and indicators and other priorities under the Strategic Framework for Pacific Statistics.
- Analysis of gender, human rights and related social statistics and indicators to provide insights, knowledge products and guidance for member countries on gender, human rights and related social statistics and indicators and related policy issues.

Functional Relationships & Relationship Skills:

Key internal and/or external contacts	Nature of the contact most typical
Internal	
<ul style="list-style-type: none"> • Colleagues in SDD • Other SPC Divisions especially HRSD • Pacific Data Hub Program Manager and team 	<ul style="list-style-type: none"> • Coordination of technical assistance and program activities • Advise and assist on GEDSI statistics and indicators
External	
<ul style="list-style-type: none"> • Heads and staff of National Statistics Offices • Managers and staff in other Pacific organisations responsible for gender equality, disability and social inclusion • Donors / development partners (e.g. Australian and New Zealand Foreign Affairs; USAid) • Technical Partners (e.g. PIFS, UN Women, UNESCAP, SIAP, UNFPA, UNDP, UNICEF, World Bank, ABS, SNZ, PFTAC) • Data Users – global, regional, national; government and non-government • Contractors and consultants 	<ul style="list-style-type: none"> • Training of staff and undertaking technical assistance discussions • Coordination of technical assistance and training • Participation in collaborative projects towards shared goals • Coordinating program collaboration, discussing technical matters and discussing budget issues • Presenting the SPC as an expert voice, promoting coordination and building a base for further resourcing
